Most Restrictive

Student Support Services

What Do Our Budget Lines Reflect?

- The work of well over 100 employees who provide support for ALL students in MUFSD, both general education and special education.
- Service provision and full CSE Responsibility on behalf of 930+ students with disabilities Prek - 12.
- Direct service provision in 11 schools: MUFSD 6, Non-public 5,
- Tuition for students who receive services in out of district programs, some of which are in residential programs.
- Oversight of multiple departments throughout the district
- Facilitation/Support of crisis response efforts, including Covid

Student Support Services

Enduring Goals & Commitments

- Expand academic and social-emotional support structures/programs for both classified and non-classified students
- Provide targeted instruction, counseling, monitoring, and advocacy to support educational success
- Provide information and resources which enable parents to participate in their child's educational plans.
- Develop and deliver special education programs within the most inclusive, environment possible
- Support the health and safety of all MUFSD students
- Explore and implement post-pandemic supports in the home and school through collaboration with community partners
